Define the term Transport.

 :a(80x10)

--

Define the term Carriage.

 :a(80x10)

--

Define the term Consignment.

 :a(80x10)

--

Define the term "Transport performance".

 :a(80x10)

--

Characterize transport logistics?

 :a(80x10)

--

Define the term Logistics.

 :a(80x10)

--

Define the term Logistics Chain.

 :a(80x10)

--

Write the title of the EU strategic document for transport.

 :a(80x10)

--

Write an example of national road transport legislation within the Czech Republic.

 :a(80x10)

--

Give an example of an international agreement relating to road transport.

 :a(80x10)

--

Provide an example of national legislation on rail transport within the Czech Republic.

:a(80x10)

--

Give an example of an international agreement relating to rail transport.

:a(80x10)

--

Provide an example of national legislation on inland water transport within the Czech Republic.

:a(80x10)

--

Give an example of the international agreement relating to inland water transport.

:a(80x10)

--

Write an example of national legislation on air transport within the Czech Republic.

:a(80x10)

--

Provide an example of an international agreement relating to air transport.

:a(80x10)

--

Describe briefly the market of transport services.

:a(80x10)

--

Describe generally the advantages and disadvantages of road transport.

:a(80x10)

--

Describe generally the advantages and disadvantages of rail transport.

:a(80x10)

--

Describe generally the advantages and disadvantages of water transport.

:a(80x10)

--

Describe generally the advantages and disadvantages of air transport.

:a(80x10)

--

Define the term Forwarding.

 :a(80x10)

--

Within the mediation of transport service is what kind of contract?

 :a(80x10)

--

Which two entities are included in the Transport contract?

 :a(80x10)

--

Define the transport document "Consignment note".

 :a(80x10)

--

Define the transport document "Bill of lading"

 :a(80x10)

--

Briefly explain the transport process in the rail freight transport.

 :a(80x10)

--

On what types can we distribute consignments in road haulage?

 :a(80x10)

--

In particular, what types of consignments can be transported under "Special Conditions" in road haulage?

 :a(80x10)

--

What basic types of rides within road freight haulage can we distinguish?

 :a(80x10)

--

What forms of cargo exist in air freight transport?

 :a(80x10)

--

What is the basic transport document in air freight?

 :a(80x10)

--

Name the air waybill functions.

 :a(80x10)

--

Name the basic types of rates in the TACT air fare.

 :a(80x10)

--

Name the basic unit load devices used in air freight transport.

 :a(80x10)

--

How can we divide water transport basically?

 :a(80x10)

--

Characterize features and equipment of port within water transport system.

 :a(80x10)

--

Name the basic subjects of the maritime market.

 :a(80x10)

--

Characterize liner freight transport.

 :a(80x10)

--

Characterize tramp freight transport.

 :a(80x10)

--

What shipping document is used for liner shipping?

 :a(80x10)

--

What transport document is used within tramp freight water transport?

 :a(80x10)

--

Define the term Combined transport.

 :a(80x10)

--

Define the term Intermodal transport.

 :a(80x10)

--

What intermodal transport units do we distinguish in intermodal transport?

 :a(80x10)

--

Characterize the transport of containers within intermodal transport.

 :a(80x10)

--

Characterize the transportation of swap bodies in intermodal transport.

 :a(80x10)

--

Characterize the transportation of semi-trailers in intermodal transport.

 :a(80x10)

--

Describe the RO-LA transport system in intermodal transport.

 :a(80x10)

--

Characterize the affinity of goods.

 :a(80x10)

--

Characterize the status of transport in Logistics.

 :a(80x10)

--

Define the term Logistics Technologies in the context of production logistics.

:a(80x10)

--

Name the most commonly used logistics technologies in production industry.

:a(80x10)

--

Explain the Just in Time technology concept.

:a(80x10)

--

Explain the concept of Hub and Spoke technology.

:a(80x10)

--

Explain the concept of Cross-Docking Technology.

:a(80x10)

--

Explain the concept of Public Logistics Center (PLC).

:a(80x10)

--

Explain the term Intermodal Transport Terminal (ITT).

:a(80x10)

--

Characterize customer requirements for freight villages.

:a(80x10)

--

Characterize Freight Villages functions.

:a(80x10)
