### Secure Virtual Meeting Clients

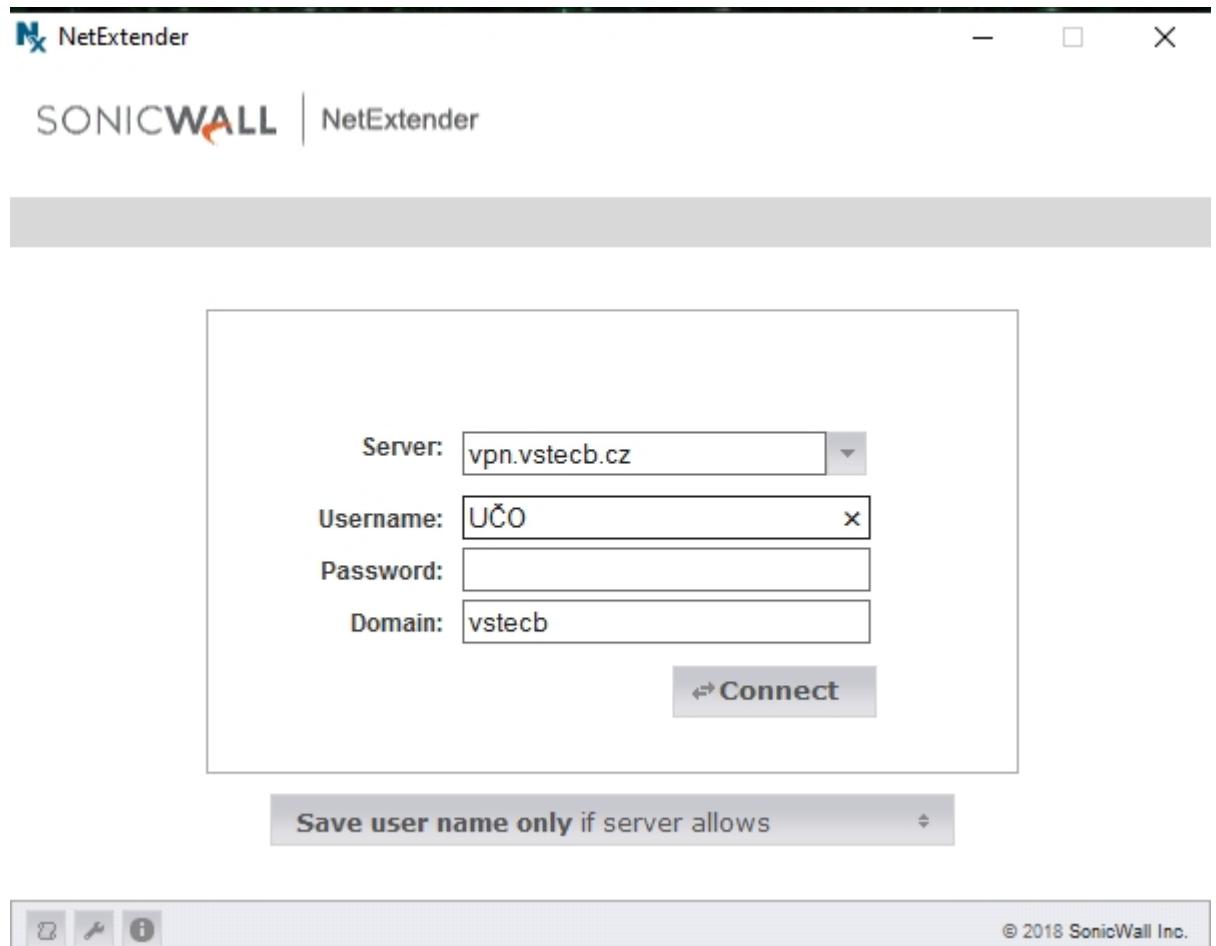

### 3) Připojení do školní sítě přes VPN klienta

Server = vpn.vstecb.cz

Username = Vaše UČO

Password = sekundární heslo

Domain = vstecb

The screenshot shows the SonicWall NetExtender application window. The title bar reads "NetExtender". The main header features the "SONICWALL" logo and "NetExtender". Below this is a large grey bar. The central area contains a form with the following fields:

- Server:
- Username:
- Password:
- Domain:

A "Connect" button with a double-headed arrow icon is positioned below the form. Below the form is a dropdown menu with the text "Save user name only if server allows". At the bottom of the window, there are three small icons (a square, a key, and an information icon) on the left and the copyright notice "© 2018 SonicWall Inc." on the right.
